Best WLV Memory:
While I only had the chance to be in-person with WLV for a couple of months, I have been most impacted by the warmth of my fellow(V)Fs who welcomed me with open arms and I can’t wait to grow into the community with them.

Best WLV Memory:
During Spring Training in 2019 we had a really powerful experience for me. Not only were we able to learn hard skills like navigation and tying knots, but we were also able to bond as a group through thought-provoking exercises and meditations.

Best WLV Memory:
One of the most amazing experiences was the adventure to Patagonia during my sophomore year. I remember flying into Santiago, Chile having no idea who I would meet or what i would encounter. We grew close as a group. This made it easier for me to join in on some of the great events for the Wharton community in the Dribe.

“Hearing the stories and bonds at last year’s senior sendoff (despite it being virtual)” highlighted the uniqueness of the group.
