

# Wharton Executive Education Alumni Leadership Seminar Trek

In September of 2025, AMP alumni were invited to attend a Leadership Seminar Trek in Chamonix, France. Joined by Wharton Executive Education instructors Jeff Klein, Rodrigo Jordan, Ginny Hutchinson, and John Kanengieter, this experience, designed in partnership with our Venture Partner, Mountain Path, combined world-class leadership development with the challenge and beauty of high-altitude trekking.

*"The AMP Leadership Trek was an incredible experience and an epic event! Grateful for the lessons, the challenges, and the people who made it unforgettable." - Steve Heaton, AMP 2021 Participant*

This inaugural Leadership Seminar Trek was designed to reignite the experiential aspects of Wharton Executive Education programs, while providing an opportunity to reengage with the Wharton Exec Ed alumni community in a dynamic, immersive setting. This unique fusion of learning and trekking offered an extraordinary opportunity to enhance leadership skills, cross-train the mind, and engage in deep reflection. Hiking through the French Alps in Chamonix, eleven AMP and one GMP alumni explored growth, excellence and impact through leadership exercises and conversations.

*"The AMP Leadership Trek was absolutely brilliant. We were privileged to see so many outstanding people and to learn so much in such a short period of time." - Konstantin Kosovan, AMP 2019 Participant*

**"LEADERSHIP IS AT ITS BEST WHEN THE VISION IS STRATEGIC, THE VOICE IS PERSUASIVE, AND THE RESULTS TANGIBLE." - MIKE USEEM**
